

Modular System RS-SYS

Different tasks requires individually solutions.
The RS-Modular Troop Parachute System offers customized options.
The user can choose from three different parachute canopies:

maneuvrable
steerable
non-steerable

RS - 2000
RS - 4/4T
RS - 4/4 0

In combination with standard moduls RS-SYS Deployment Bag, Harness and Pack Tray three individually systems at a unique platform are available.

Modul Parachute canopy

(unique) Modul Harness RS - SYS

Advantage: Synergy effects by parallel us of different systems (steerable, maneuverable, non-steerable) through standardized procedures for training, packing, maintaining, spare parts and services.
